

Go Green...

with Science, Technology, Engineering & Math (STEM)

Winter 2010

(This is the second workshop offered in the Go Green series. No prior attendance/experience is necessary to participate.)

Saturday February 20, 2010

9am-3pm

at The College of New Jersey, Armstrong Hall Room 102

Learn hands-on, middle school STEM activities including how to build a solar greenhouse, composter, hydroponic system and more!

Receive:

- A stipend for attending
- Complimentary light breakfast
- Complimentary catered lunch
- Professional development hours
- Free resources and materials to take home

Please **RSVP by Wednesday, February 17, 2010** to:

Jeanette Alicea at The College of New Jersey

vegaj@tcnj.edu / (609)771-3336.

Please include your name, school, grade/subject you teach, email and phone number where you can be reached.

This FREE workshop is sponsored by *The Future Engineers of Trenton* program at The College of New Jersey.
